Abbott, O. D.—The need of milk in the South 354
Abele, C. A.—Findings in comparative studies of old and new culture media 24
Babcock, C. J.—Flavors and odors of milk 9
Bloom, E.—See Sullivan, R. A.
Brock, F. D.—Necessity for and some difficulties of public health milk control 36
Butterworth, T. H.—The training of personnel for the field of milk sanitation 19
Butterworth, T. H., *Chairman*—Report of committee on applied laboratory methods 357
Button, F. C.—High-temperature–short-time pasteurization of milk.. 198
Caulfield, W. J., Nelson, F. E., and Martin, W. H.—Measuring the sanitary quality of market cream.. 245
Chilson, W. H. and Collins, M. A.—Application of the resazurin test in determining the quality of pasteurized cream 334
Cohen, I.—Obtaining good results with Broadhurst-Paley stain for milk smears 204
Collins, M. A.—See Chilson, W. H.
Cone, J. E. and Grant, F. M.—Improvement of the Hotis Test for the detection of mastitis streptococci 75
The leucocyte count and the chloride content of milk from bovine udders with mild streptococcic infections 341
Corbett, W. J. and Prucha, M. J.—Time required for destruction of bacteria at different temperatures of pasteurization 269
Cowley, R.—Sanitary milk control situation in Havana 132
Cumming, H. S.—The Pan-American Sanitary Bureau and its cooperative work in the improvement of milk supplies 105

Page

Davis, W. S.—See Gilcreas, F. W.
Dick, L. A. and Hucker, G. J.—A presumptive test for the oral contamination of drinking utensils.... 307
Dixon, D.—Symposium on tryptone-glucose-extract-milk agar 210
Downs, F. H., Jr.—The voluntary grading of milk supplies in Alabama 97
Ehlers, V. M.—Syllabus on milk sanitarians' associations 194
Syllabus on an educational program for the production of safe milk 255
Fabian, F. W., *Chairman*—Report of the committee on ice-cream sanitation 72
Fisher, M. R.—Common causes for intermittent high bacterial count and positive phosphatase tests 260
Gilcreas, F. W. and Davis, W. S.—Precision in reading the results of the phosphatase test 14
Grant, F. M.—See Cone, J. F.
Graves, F. W.—A survey of mastitis control under several plans 88
Grenier, T. J.—How to overcome defective Babcock cream tests 230
Griffith, R. L.—Comment on licensing of pasteurizer operators from Oakland, California 189
Guthrie, E. S.—See Sharp, P. F.
Hall, A. H.—Training in the public service in New York State 126
Hand, D. B.—See Sharp, P. F.
Howson, R. K.—See Johns, C. K.
Hucker, G. J.—The elimination of mastitis 159
Also, see Dick, L. A.
Irwin, R. E.—Has the approved inspector system promoted uniformity? 101
Johns, C. K. and Howson, R. K.—A modified resazurin test for more accurate estimation of milk quality 320
Kemp, M.—See Scales, F. M.
Knapp, J. V.—The effect of the

Trends and results in butter technology 264
Pohlman, W. A.—Modern methods of fly control for dairies 155
Prucha, M. J.—See Corbett, W. J.
Ragsdale, A. C.—Dairy herd management practices affecting the quality of milk 350
Rudig, D. M.—Contaminating bacteria in a milk supply 165
Safford, C. E.—Progress report on Grade A milk control laboratories (bacteriological) 215
Sandholzer, L. A.—See Leahy, H. W.
Scales, F. M., and Kemp, M.—The application of wetter water to dairy and milk plant use 221
Scharer, H.—A rapid multiple color test for the approximation of available chlorine 84
Sharp, P. F., Hand, D. B., and Guthrie, E. S.—Preliminary report on the deaeration of market milk.. 137
Supplementary notes on the deaeration of milk 228
Shrader, J. H.—Milk: Whither research? 281
Sullivan, R. A., and Bloom, E.—Determining riboflavin in dried milk products II. Seasonal variations 346
Tiedeman, W. D., *Chairman*—Report of the committee on sanitary procedure 65
Tracy, P. H.—See Maack, A. C.
Wildman, J. D.—An agar slice method for the detection of mold and yeast on utensils 162
Williamson, A. H.—Farm pasteurization 5
Woodside, M. R.—See Leahy, H. W.
Yale, M. W., and Marquardt, J. C.—Factors affecting the survival of *streptococcus pyogenes* in cheese.. 326

Subjects

Agar Slice Method for Detection of Mold and Yeast on Utensils 162
Agar, Tryptone-Glucose-Extract-Milk 208
Air Infection by Sneezing 286
Alabama, Grading Milk Supplies.... 97
Associations, Milk Sanitarians' 194
Babcock Cream Tests 230
Bacteria Counts in Milk with Tryptone Agar at 32° C. 103
Bacteria in Milk Supply, Contaminating 165
Bacterial Count and Positive Phos-

	Page
phatase, Causes for Intermittent High	260
Bacterial Destruction in Pasteurization	269
Bacterial Growth in Milk Causing Errors in Phosphatase Test	183
Bang's Disease in Florida	33
Broadhurst-Paley Stain for Milk Smears	204
Bureau of Dairy Industry Report, 1939	166
Butter Industry, Notice	210
Butter Institute Abstracts	113
Butter Technology, Trends and Results in	264
Butter, Vitamin A in	232
Cheese, *Streptococcus pyogenes* in	326
Cheese, Swiss	163
Chlorides in Milk from Streptococcus Infected Udders	341
Chlorine, Color Tests for Approximation of Available	84
Closures for Dairy Containers	41
Color Test for Approximation of Available Chlorine	84
Containers, Closures for Dairy	41
Control, Necessity for and Difficulties in Public Health Milk	36
Cow-Goat Milk Mixtures	144
Cream, Measuring Sanitary Quality of Market	245
Cream, Resazurin Test for Quality of Pasteurized	334
Cream Tests, Babcock	230
Culture Media	24
Dairy Herd Management Affecting Milk Quality	350
Dairy Industry Report, 1939, Bureau of	166
Deaeration of Milk	137, 228
Doctor Jones Says—	60, 120, 178, 240, 304, 368
Dried Milk Products II, Riboflavin in	346
Drinking Utensils, Test for Oral Contamination	307
Editorials	1, 61, 121, 181, 241
Education and Training Report	112
Educational Program for Safe Milk Production	255
Errors in Phosphatase Test due to Bacterial Growth in Milk	183
Farm Pasteurization	5
Flavors and Odors of Milk	9
Florida, Bang's Disease in Milk Production in	33
Fly Control for Dairies	155
Food Control, Federal Hearings in	254
Frozen Desserts Ordinance of U. S. Public Health Service	44
Grading Milk Supplies, Alabama	97
Havana, Milk Control Sanitation in	132
Hearings in Federal Food Control	254
Hotis Test in *Mastitis streptococci*	75
Ice Cream, Sampling of	123
Ice Cream Sanitation	72
Inspector System, Promotion of Uniformity	101
Laboratories, Report on Grade A Milk Control	214
Laboratory Methods, Report on Applied	357
Leucocyte Count and Chloride Content with Streptococci Infections	341
Licensing of Pasteurizer Operators from Oakland	189
Mastitis, Bovine, Detection by Electrometric Method	314
Mastitis Control	88
Mastitis, Discussion of International Classification of Bovine	109
Mastitis Elimination	159
Mastitis Streptococci, Hotis Test for Detection of	75
Media, Findings in Old and New Culture	24
Methylene Blue and Resazurin Tests	274
Milk Control Laboratories, Report on Grade A	214
Milk Control Sanitation in Havana	132
Milk, Deaeration of	137, 228
